Pccs Books, United Kingdom, 2016. Paperback. Book Condition: New. 198 x 127 mm. Language: English . Brand New Book. School-based counselling is high on the health and education policy agendas. Every major political party has declared its belief in the importance of school-based counselling to the wellbeing of children and young people, both in the here and now and in the future, in supporting their continuing mental wellbeing and resilience through adulthood, parenthood and into old age. In this unique book, based on her own experience as a school counsellor and her extensive research with children and young people, Kate McArthur explains how school-based counselling works, why it works, what it can offer the individual child, their family, their school and the wider community, and the difference it can make - from the perspectives of the children and young people who have benefitted from it themselves. In Wales and Northern Ireland all secondary schools are required to provide an independent counselling service. Having read this book, you have to wonder why this isn t the case in England and Scotland too. In the words of Mick Cooper, Professor of Counselling Psychology at Roehampton University and a key player in making the case for counselling to be available in every secondary school (and whose foreword introduces the book): My hope is that we are moving towards a world in which children and young people can feel less ashamed and hidden in their mental health struggles. The monsters may never be entirely overcome, but at least children and young people do not need to be alone with them. This is a book for student and experienced counsellors alike; you will be inspired by its contents. But it is also a book for school heads and governors, for those with the power to...
