MODERN PROCESSING, PACKAGING AND DISTRIBUTION SYSTEMS FOR FOOD

Book Condition: New. Publisher/Verlag: Springer, Berlin | The progress that has been made over the last decade in the preparation, development, processing, and marketing of food has to a large extent been made possible by innovations and developments in the ways that thermo plastics, in conjunction with paper, metal foils, adhesives and other materials, have been combined and formed into the appropriate configurations to provide the properties required. Much has been said, written and published about retort pouches, modified atmosphere...
